Shipping Charges Sheet

"If It Fits…..It Ships"

At Mountain Plains Industries, we always try to "minimize" your shipping cost and "maximize" your delivery service.

Therefore, we always try to ship VIA Priority Mail and use "Flat Rate" *Envelopes* or *Boxes* whenever possible…..and now with free "tracking" of your shipment.

This is what "fits"

In order for you to best estimate the most cost-effective way for your order to ship, we have provided the most current Priority Mail "Flat Rate" package "costs" and "capacities".

1 Priority Mail "Flat Rate" *Envelope*:   Cost………$10.10 each ***

Capacity …… (A) 1 to 4 pads (8½" x 11") – flat, or (B) 1 or 2 pads (11" x 17") - folded

1 Priority Mail *Medium* "Flat Rate" *Box*:   Cost………. $19.15 each ***

Capacity… (A) 5 to 24 pads (8½" x 11") – flat, or (B) 2 to 8 pads (11" x 17") – gently rolled over

Or………. any of the following combinations in a Medium "Flat Rate" *Box*:

* Up to 4 pads (8½" x 11") and up to 7 pads (11" x 17") size targets

* Up to 5 pads (8½" x 11") and up to 6 pads (11" x 17") size targets

* Up to 7 pads (8½" x 11") and up to 5 pads (11" x 17") size targets

* Up to 9 pads (8½" x 11") and up to 4 pads (11" x 17") size targets

* Up to 11 pads (8½" x 11") and up to 3pads (11" x 17") size targets

* Up to 15 pads (8½" x 11") and up to 2 pads (11" x 17") size targets

* Up to 20 pads (8½" x 11") and up to 1 pad (11" x 17") size targets

While it is possible to ship 7 to 9 pads of the 8½" x 11" size targets or 3 to 4 pads of the 11" x 17" size targets in *two* (2) Priority "Flat Rate" *envelopes*, the total shipping charges would be $20.20.   But the targets will arrive in better condition with less chance of damage and at less total postage if shipped in a *single* Medium "Flat Rate" *box* for $19.15. For any volume combination of targets, the "Flat Rate" Box does it for less to anywhere in the continental USA, Alaska or Hawaii!   The more pads you ship, the lower the cost "per pad" for shipping!
